

EXHIBIT E

PSYCHOLOGICAL EVALUATION FOR THE BOARD OF PRISON TERMS
(REVISED AUGUST 1998)
PAROLE CONSIDERATION HEARING
FEBRUARY 2003 LIFER CALENDAR

CORRECTIONAL TRAINING FACILITY, SOLEDAD
DECEMBER 12, 2002

This is a psychological evaluation for the Board of Prison Terms on inmate Artemio Arroyo, CDC# C-20149. This report is the product of a personal interview, conducted on 12/12/02, as well as a review of his Central file and unit health record. This interview was a single contact with this individual for the sole purpose of preparing this report.

Inmate Arroyo was born in Mexico. He speaks both Spanish and English. He was offered the use of an interpreter, but declined.

PSYCHOSOCIAL ASSESSMENT

I. IDENTIFYING INFORMATION:

Inmate Arroyo is a 40-year-old, divorced, Hispanic male. His date of birth is 06/08/62. He stated his religion is Catholic. He presented with no unusual physical characteristics, and denied the use of nicknames or aliases.

II. DEVELOPMENTAL HISTORY:

Inmate Arroyo denied any history of birth defects or abnormalities of developmental milestones. He denied a history of cruelty to animals, a history of arson, or any significant childhood medical history. Furthermore, he denied a history of physical or sexual abuse as either a perpetrator or a victim.

III. EDUCATIONAL HISTORY:

Inmate Arroyo stated that he completed the 11th grade. He quit high school to go to work. He stated that he has completed his GED since being incarcerated. He denied being involved in special education for academic or behavioral problems.

Exhibit "E" p. 1

ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT PSYCHOLOGICAL EVALUATION
PAGE TWO

IV. FAMILY HISTORY:

Inmate Arroyo stated that his father died when he was quite young from an illness that the inmate was unsure about. He stated that he was raised by his mother and grandmother, and that his mother remarried when he was about 11 years old. He has two sisters and one brother from his biological father, and three stepbrothers and three stepsisters. He stated that his mother is approximately age 65 years old, and relatively healthy. Inmate Arroyo stated that he receives regular family visits, and described his relationship with family members as positive.

V. PSYCHOSEXUAL DEVELOPMENT AND SEXUAL ORIENTATION:

Inmate Arroyo stated that he is a heterosexual male. He denied any history of high-risk sexual behavior.

VI. MARITAL HISTORY:

Inmate Arroyo stated he has been married one time. He married a woman after he was incarcerated, whom he knew before he was arrested for his commitment offense. He has one daughter through this marriage. He stated that he was married for approximately five years, after which his wife left him. He said about the relationship, "We were too young. She got tired of waiting."

Inmate Arroyo stated that he continues to communicate regularly with his daughter, and granddaughter, and receives visits from them as well.

Inmate Arroyo is currently engaged to somebody he met through his family, and hopes to marry one day if paroled.

VII. MILITARY HISTORY:

Inmate Arroyo denied any history of military service.

VIII. EMPLOYMENT/INCOME HISTORY:

Inmate Arroyo was incarcerated for his commitment offense at age 17. He stated that he had no time to

ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT PSYCHOLOGICAL EVALUATION
PAGE THREE

have significant pre-incarceration employment, but did work through helping his parents with contract painting.

Since his incarceration, he has worked on the yard crew, and as a porter, and has been involved in vocational training. He has completed vocational air conditioning and refrigeration, and vocational sheet metal, and is currently completing small engine repair.

IX. SUBSTANCE ABUSE HISTORY:

Inmate Arroyo admitted to being heavily intoxicated from drinking approximately seven beers on the day of his commitment offense. He denied any additional substance use, including illicit drugs. However, past psychological evaluations have documented polysubstance abuse issues.

Since his incarceration within CDC, he has also received three CDC-115s related to possible substance use. One of the CDC-115s was for possession of marijuana, and the other CDC-115 was for possession of heroin. Inmate Arroyo stated he was found guilty of both. However, he denied both allegations. He also has a CDC-115 pending for conspiracy to traffic narcotics. He denies being involved in this incident.

Inmate Arroyo stated that he has been involved in Alcoholics Anonymous and Narcotics Anonymous since about 1990. He has been at CTF, he said, for a little over a year, and is currently on the waiting list to re-enroll in Alcoholics Anonymous.

Self-help-wise, inmate Arroyo stated that he has completed an anger management course, which is documented in the Central file, which appears to be an extensive, 44-week program. He also completed a Breaking Barriers program, and a class in Parenting Education.

X. PSYCHIATRIC AND MEDICAL HISTORY:

Inmate Arroyo denied any history of medical or psychiatric hospitalizations. He denied any psychiatric history, including suicidality. He denied

ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT PSYCHOLOGICAL EVALUATION
PAGE FOUR

a history of serious accidents or head injuries, or a history of seizures or other neurological conditions. He stated that he is not taking any medications.

XI. PLANS IF GRANTED RELEASE:

Inmate Arroyo hopes, as mentioned earlier, to marry his fiancée if paroled. She resides in the San Diego area, and has agreed to support any transition. He stated that he hopes she can help him get a job. He also said he has a large family, who have agreed to help him find work. He also hopes to be able to spend a lot of time with his daughter and granddaughter. He would like to use some of the vocational training he has received within CDC in air conditioning and refrigeration, and apply these skills to work in the community.

His parole plans seem viable, as discussed with this clinician, and, based on past evaluations, seem somewhat more specific and thought out. His prognosis, then, for community living, based on transition plans and back-to-work issues, is improved.

CLINICAL ASSESSMENT

XII. CURRENT MENTAL STATUS/TREATMENT NEEDS:

Inmate Arroyo is a 40-year-old, divorced, Hispanic male. He appeared his stated age. He was appropriately dressed and groomed. He was coherent, cooperative, calm, and alert throughout the interview. His speech, flow of thought, and affect were all within the normal range. His intellectual functioning was estimated to be slightly below the average range compared to this Level II inmate population. There was no evidence of a mood or thought disorder. His insight and judgment appeared to be average compared to this prison population.

CURRENT DIAGNOSTIC IMPRESSIONS:

AXIS I: Polysubstance Abuse, in institutional remission.

AXIS II: Antisocial Personality Disorder.

ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT PSYCHOLOGICAL EVALUATION
PAGE FIVE

AXIS III: None reported.
AXIS IV: Incarceration.
AXIS V: GAF = 75.

His prognosis is positive for being able to maintain his current mental status in the community upon parole.

XIII. REVIEW OF LIFE CRIME:

Inmate Arroyo is serving a 15-year to Life sentence for Second Degree Murder. He was age 17 at the time of the crime, and has therefore been incarcerated for approximately 23 years.

Inmate Arroyo's commitment offense consisted of the murder of another man. He stated that he was heavily intoxicated at the time of the crime, and admitted to drinking about seven beers that day, and it being his first experience drinking alcohol. When asked to discuss the crime, and events leading to the crime, he said, "I don't like to talk about it. It is in the past. I feel remorse. I wasn't thinking properly, and under the influence. I wish I could change it." It is likely that the above diagnosed psychopathology was at least indirectly related to the crime.

Since being incarcerated within CDC, he has received approximately thirteen CDC-115s, none of which were of a violent nature. As mentioned earlier, three of these were related to substance abuse issues, all of which were denied by the inmate.

He had no prior adult criminal record, since he was incarcerated at age 17, and appears to have been up on charges of robbery as a juvenile. He also admitted to one time being taken to the police station for being out of bounds at school.

Inmate Arroyo admitted to being involved in a neighborhood gang prior to his incarceration. He denied any gang involvement within CDC.

XIV. ASSESSMENT OF DANGEROUSNESS:

- A. In consideration of several factors, including his lack of a violent criminal history prior to the

ARROYO

C-20149

CTF-NORTH

12/13/02

gmj

Exhibit "E" P. 5

ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT PSYCHOLOGICAL EVALUATION
PAGE SIX

commitment offense, and his lack of violent CDC-115 violations within prison, his violence potential within a controlled setting is estimated to be average relative to this Level II inmate population.

- B. If released to the community, his violence potential is estimated to be slightly higher than the average citizen in the community.
- C. A significant risk factor for this inmate which could be a precursor to violence would be the continued abuse of alcohol or any illicit drug. Should he abuse these substances again, his violence potential would be considered much higher than the average citizen in the community.

XV. CLINICIAN OBSERVATIONS/COMMENTS/RECOMMENDATIONS:

- A. This inmate is competent and responsible for his behavior. He has the capacity to abide by institutional standards.
- B. This inmate does not have a mental health disorder which would necessitate treatment, either during his incarceration period or following parole.
- C. As inmate Arroyo has acknowledged the abuse of alcohol in the past, and there are references to possible illicit drug use, I would recommend upon parole:
 - 1) Abstinence from all illegal drugs and alcohol.
 - 2) Monitoring for substance abuse.
 - 3) Mandatory attendance at self-help groups that address substance abuse issues.

PAROLE CONSIDERATION HEARING
JULY 2005 LIFER CALENDAR**

**CORRECTIONAL TRAINING FACILITY, SOLEDAD
JUNE 9, 2005**

This is an addendum to the fourth psychological evaluation of 12/13/02 for the Board of Prison Terms on inmate Artemio Arroyo, CDC# C-20149. The current update is the result of a personal interview with inmate Arroyo on 06/09/05, a review of his central file and the unit health record. He is aware of the purpose of the evaluation, and agrees to participate, given his limited confidentiality.

Since this is an updated psychological evaluation to the prior full report of 12/13/02, only the new and pertinent information will be included here. Please note: there is essentially no new information for this update, as the evaluation of 12/13/02 is accurate and current based upon inmate Arroyo's presentation and the interview discussion.

I. IDENTIFYING INFORMATION:

Inmate Artemio Arroyo is a 43-year-old, divorced, Hispanic male, born 06/08/62, with a stated religion of Catholic. He did not have any unusual physical characteristics, and does not use nicknames or aliases.

FAMILY HISTORY:

His mother is now 67 years old.

Exhibit "E" page 8

**ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT MENTAL HEALTH EVALUATION
PAGE TWO**

VIII. EMPLOYMENT/INCOME HISTORY:

Inmate Arroyo completed the small engine class, and is currently working in landscaping.

CLINICAL ASSESSMENT

XII. CURRENT MENTAL STATUS/TREATMENT NEEDS:

Inmate Arroyo presented as a calm, cooperative, alert individual who is more mature than one would expect from his crime. He was appropriately dressed and groomed, making good eye contact with the evaluator. His speech and flow of thought were smooth and well cadenced. His mood and affect are within the normal range. His intellectual functioning is estimated to be slightly below the average range. There was no evidence of a thought or mood disorder. He denies suicidal and homicidal ideation. Inmate Arroyo's insight and judgment are fair to good, with adequate impulse control.

CURRENT DIAGNOSTIC IMPRESSIONS (DSM-IV):

- AXIS I:** Polysubstance abuse, in institutional remission.
- AXIS II:** Antisocial personality disorder.
- AXIS III:** None reported.
- AXIS IV:** Incarceration.
- AXIS V:** GAF = 80.

Inmate Arroyo's prognosis is positive for maintaining his current mental status in the community after parole.

XIII. REVIEW OF LIFE CRIME:

Inmate Arroyo states on the day of his crime was the first time he drank an excessive amount of alcohol. He was unable to control himself, claiming if he had not been drunk, the crime would not have happened.

In brief, inmate Arroyo's crime began on 09/10/79, when his brother, Manuel Arroyo, received a telephone call from some Mexican Americans threatening to hurt him (Manuel). Manuel called his brother, Artemio (inmate), who then gathered four other friends to accompany Manuel to work that evening. When they were in Blakely Park, Lodi, California, the victim's vehicle drove by with two Mexican males, which Artemio assumed were the people who threatened his

Exhibit "E" p. 9

ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT MENTAL HEALTH EVALUATION
PAGE THREE

brother. The car refused to stop, so inmate Arroyo and his gang members pursued the car, with each occupant from both cars swinging sticks, pipes, and throwing bottles at one another. Inmate Arroyo became upset that they would not stop, so he took a shotgun from under the seat of the car and fired it at the passenger area of the other vehicle. The vehicle with the two Mexican Americans veered to the left and crashed into a parked vehicle, since the driver was shot in the head.

XIV. ASSESSMENT OF DANGEROUSNESS:

- A. Inmate Arroyo does not have a violent criminal history prior to his offense, and he does not have any violent CDC-115 violations within the prison system. Therefore, it is concluded that the violence potential within a controlled setting is estimated to be average to below average relative to other inmates.
- B. If released to the community, inmate Arroyo's potential for violence is estimated to be about average as compared to the average citizen in the community. The reason for this is his greater maturity, as indicated by him not receiving CDC-115s within the last ten years, and his apparently responsible behavior at work.
- C. Prior psychological evaluations have documented polysubstance abuse concerns, and the CDC-115s indicate he was still involved in such ten years ago. On the day of the incident, he was heavily intoxicated from drinking approximately seven beers. Therefore, there is a significant risk factor inmate Arroyo has a greater probability of violence if he continues to abuse alcohol or illegal drugs. The potential for violence would be considered much higher than the average citizen in the community if he abuses substances.

XV. CLINICIAN OBSERVATIONS/COMMENTS/RECOMMENDATIONS:

1. Inmate Arroyo is competent and responsible for his behavior. He has the capacity to abide by institutional standards.
2. Inmate Arroyo does not have a mental health disorder which would necessitate treatment, either during his incarceration period or following parole.
3. If inmate Arroyo is paroled, the following are strongly recommended:
 - a. Abstinence from all illegal drugs and alcohol.

Exhibit "E" p. 10

**ARROYO, ARTEMIO
CDC NUMBER: C-20149
BPT MENTAL HEALTH EVALUATION
PAGE FOUR**

- b. Monitoring for substance abuse.
- c. Mandatory attendance at self-help groups that address substance abuse issues.

I/M Arroyo, A., C.D.C.# C-20149, is currently assigned in the Vocational Refrigeration & A/C program. During his 18 months in the class he has interacted well with his instructor and his peers. His attendance record has been perfect and he has maintained a positive attitude in the program. I/M has completed 100% of the class curriculum therefore earning a Certification of Completion. Currently I/M is involved in the sheet metal fabrication phase of the Food Cart Delivery System for the California Department of Corrections. He has acquired the production skills necessary to be an asset within this special project.

I recommend that I/M Arroyo be retained at Centinela State Prison while the manufacturing of the Food Cart Delivery Project is in production. If you have any questions please call Shop Supervisor, Mr. H. Kelly at extension 7838.

CALIFORNIA BOARD OF PRISON TERMS

In the Matter of the Life Prisoner
Hearing of Initial Parole Consideration
ARROYO, Artemio Denied (2 Years)
C-20149
CTF

This matter was heard before the Board of Prison Terms (BPT) on September 22, 1989, at the Correctional Training Facility. The hearing panel was composed of R. Jauregui, Commissioner; M. O'Connell, Commissioner; and C. Mar, Deputy Commissioner.

Present at the hearing were: A. Arroyo, Prisoner; and D. Spowart, Counsel for Prisoner.

Any others present are identified in the transcript.

Oral and documentary evidence was submitted and after due consideration of all the evidence, the panel makes the following findings:

Legal Status

On August 20, 1980, the prisoner was received in prison pursuant to Penal Code (PC) §1168 for a violation of PC §187, second degree murder (San Joaquin County Case No. 30688, Count 1). The controlling minimum eligible parole date (MEPD) is October 28, 1990.

EXHIBIT G 1

FOR
 RECORDS OFFICER
 USE
 Pre-prison
 Credit

PC §3041(a) provides that the BPT shall meet with persons sentenced under PC §1168 and shall normally set a parole release date unless, pursuant to PC §3041(b), the Board determines that a parole date cannot be fixed at this hearing.

This hearing is conducted pursuant to Title 15, California Code of Regulations (CCR), Division 2, Chapter 3, Article 5, which sets forth parole consideration criteria and guidelines for life prisoners implementing PC §3041.

Statement of Facts

On September 10, 1978, at approximately 11:00 p.m., victim Daniel Thomas Martino, age 16, was murdered as the result of being shot in the head with a shotgun.

The prisoner and several companions had chased a car containing the victim and another individual, thinking that these two people had made threats against the prisoner's brother. The car in which the prisoner was riding pulled alongside the victim's car in an attempt to get it to pull over. During this time, occupants of both cars swung sticks and pipes at each other. When the other car failed to pull over, the prisoner retrieved a shotgun from beneath the seat and fired it at the other car, striking the passenger and the driver. The victim's car then swerved

EXHIBIT

G2

FOR
 RECORDS OFFICER
 USE
 Pre-prison
 Credit

and ran into a parked car.

The victim was pronounced dead on arrival at the hospital and the passenger was treated and released.

Parole Suitability

CCR §2281(a) requires that the panel first determine whether the prisoner is suitable for release on parole. Regardless of the length of time served, a life prisoner shall be found unsuitable for and denied parole if in the judgment of the panel the prisoner will pose an unreasonable risk of danger to society if released from prison. CCR §2281(c) sets forth circumstances tending to show unsuitability and CCR §2281(d) sets forth circumstances tending to show suitability. These regulations are guidelines only.

The panel relied on the following circumstances in determining whether or not the prisoner is suitable for parole:

1. Commitment offense. The offense was carried out in an especially heinous manner, which exhibits a callous disregard for the life or suffering of others.

These conclusions are drawn from the Statement of Facts wherein the prisoner and crime partners in their vehicle chased a vehicle with the victim and a friend, thinking that the two victims had made threats against the

FOR
 RECORDS OFFICER
 USE
 Pre-prison
 Credit

prisoner's brother. The prisoner retrieved a shotgun and fired it at the other car striking the passenger and the driver. Later, the driver victim was pronounced dead, and the passenger was treated and released.

2. Previous Record. The prisoner has failed to profit from society's previous attempts to correct his criminality. Such attempts include juvenile home. He has an unstable social history and prior criminality which includes an arrest for burglary at the age of 15, and at the age of 16 he was arrested for robbery and for possession of a shotgun. Other arrests were for possession of chains, knives and alcohol.

The prisoner was a member of a gang wherein his mother moved north, where he committed the life crime.

3. Institutional Behavior. The prisoner has programmed in a limited manner while incarcerated and has failed to develop a marketable skill that can be put to use upon release. He has failed to upgrade educationally and vocationally as previously recommended by the Board.

The prisoner has failed to demonstrate evidence of positive change. Misconduct while incarcerated includes receiving 10 California Department of Corrections (CDC) disciplinaries (115's). Four of the CDC 115's were from June 1988 to June 1989. One of the CDC 115's was for

FOR
RECORDS OFFICER
 USE
 Pre-prison
 Credit

possession of marijauna and prior CDC 115's were for control of weapons.

4. Psychiatric Factors. The Psychiatric Evaluations dated August 8, 1983, authored by Bruce Dainard, M.D., and July 10, 1986, authored by R.S. Hansen, M.D., are not totally supportive of release.

The Psychiatric Evaluation dated June 27, 1989, authored by Bruce Bakeman, Ph.D., is unfavorable and not supportive of release and indicates, in part, the following:

"Diagnosis:

AXIS I: Alcohol abuse, in institutional remission.
Cannabis abuse.

AXIS II: Antisocial personality disorder."

"CONCLUSIONS: "...he seems to want to improve, but he is still breaking rules and seems to have difficulty establishing his own direction, leaving him easily led by others."

The panel finds that therapy in a controlled setting is needed, but motivation and amenability are questionable.

The panel finds that the prisoner's gains are short-term and he must demonstrate an ability to maintain gains over an extended period of time.

Based on the information contained in the record and considered at this hearing, the panel concludes and states, as required by PC §§3043 and 3043.5, that the prisoner

FOR
 RECORDS OFFICER
 USP
 Pre-prison
 Credit

would pose a threat to public safety if released on parole.

Therefore, the prisoner is found unsuitable for parole.

PC §3041.5(b)(2) permits a two year denial if the Board finds that it is not reasonable to expect that parole would be granted at a hearing during the following year and states the bases for the finding. In addition to the foregoing reasons supporting postponement of parole consideration, the panel also specifically finds that it is not reasonable to expect that parole would be granted at a hearing scheduled earlier based on the following facts:

1. The prisoner committed the offense in an especially cruel manner wherein from his moving vehicle the prisoner used a shotgun and killed a victim and wounded another in another moving vehicle.

2. The prisoner committed serious disciplinary violations and received ten CDC 115's. Four CDC 115's were from June 1988 to June 1989, one for possession of marijauna and one for control of weapons.

3. A recent Psychiatric Report dated June 27, 1989, authored by Dr. Bruce Bakeman, indicates a need for a longer period of observation and evaluation or treatment.

The next hearing will be scheduled in two years.

Recommendation

ARROYO, A. C-20149
mr

-6-

9/22/89

EXHIBIT G 6

RECORDS OFFICER
USE
Pre-prison
Credit

PC §3041.5(b)(2) provides that within 20 days following any meeting where a parole date has not been set, the Board shall send the prisoner a written statement setting forth the reason or reasons for refusal to set a parole date and when the prisoner can reasonably expect to be considered again for the setting of a parole date and in what beneficial activities the prisoner might participate.

This case shall be scheduled for hearing for parole consideration as provided in 15 CCR §2270(c).

In preparation for the next parole consideration hearing, the panel recommends that the prisoner:

1. Become and remain disciplinary free.
2. Work toward upgrading his academic level so that program opportunities will become more available.
3. Participate in self-help and therapy programming when available.

Order

Based on the foregoing findings and reasons, parole is denied.

EFFECTIVE DATE OF THIS DECISION OCT 04 1989.
